Kyushu Discovery – Onsen @ Beppu

Japan. Endless Discovery.

Beppu is one of Japan's most famous **hot spring** resorts, producing more hot spring water than any other resort in the country. Beppu offers an unmatched range of **baths** to be enjoyed, including ordinary hot water baths, mud baths, sand baths and steam baths. In addition, the **Hells of Beppu** are several spectacular hot springs for viewing rather than bathing. Beppu probably also offers the largest range of bath types to be enjoyed in Japan. Asides from the usual hot water baths, there are sand baths, where bathers are buried in naturally heated sand, steam baths and mud baths, which are basically muddy hot water baths.
